

WARM TILES®

SELF-ADHESIVE MAT (SAM)

Warm Tiles® Mats are ideally suited for rectangular areas, multi-unit applications or expansive rooms. The Warm Tiles cable is fixed onto a mesh substrate and comes in standard sizes of pre-fabricated rectangular mats with self-adhesive, wide-spaced backing to help reduce installation time and labor. These stock mats can be altered in the field to fit various floor layouts. Warm Tiles Mats can also be custom ordered. Warm Tiles Mats are UL Listed, CSA Certified and conform to European directives. Please contact your local EasyHeat representative for layout assistance.
