

COMMERCIAL FAN-FORCED WALL HEATERS

CWH3000 SERIES

APPLICATIONS:

Attics
Basements
Entryways
Large Rooms
Offices
Remodels

CONTEMPORARY DESIGN

- Commercial grade steel grille designed to provide comfort through optimized airflow

UNIFORM DISTRIBUTION OF WARMTH

- Built-in fan delay switch energizes fan motor only after elements are heated, which prevents discharge of unheated air
- Fan only operation for summer use
- Integral double pole thermostat allows for easy adjustment of room temperature to maintain desired comfort level

SAFETY STANDARDS COMPLIANT

- Safety Listed by Intertek (ETL) for use in the USA and Canada complying with ANSI/UL2021 and C22.2, NO. 56 Safety Standards
- Manual reset thermal overheat protector disconnects power in the event of overheating due to accidental blockage

DURABILITY AND EASY MAINTENANCE

- All units have a permanently lubricated totally enclosed fan motor, which creates long life and low maintenance, and gently distributes warmth throughout the area
- Built-in power disconnect switch for added safety during maintenance

Catalog Number	Voltage	Phase	Watts	Amps
